

Year 4 Home Learning – French

Mrs Baker has asked that you all have a go at the following activities on <https://www.french-games.net/frenchtopics> (also available on the button via our home learning page):

Continue to learn what you have already been taught by Mrs Baker in Year 4:

- Numbers – complete sections on numbers to 40
- World weather
- Food - fruit
- Animals – pets

Revision:

- Colours

New learning. Work that you would have been doing with Mrs Baker this year:

- Vegetables
- Numbers – multiples of 10 and numbers to 100

To support your learning, Mrs Baker has recommended another website as well:

<https://radiolingua.com/learnathome/>

This is a really good website for you to listen to a native French speaker and her friend learning 5 words / phrases together and for you to practise as they go along. There are 10 videos called "High Five French".
